Headmaster's Message

Hello, my name is Freda Johnson, and I have been appointed as the Interim Headmaster of The English High School. I am so grateful and humble for the opportunity to lead this great school. I'm looking forward to this year and the progress we will continue to make together.

We are proud to have accomplished a great deal. I know that the accomplishments we have made as a school are as a result of all of us, administrators, staff and teachers working together for one common goal and that is the success of our students. I have an amazing staff of teachers and I am grateful for all of their hard work and commitment to the students of The English High School.

The mission of The English High School is to challenge each student academically while fostering an enduring commitment to Honor, Achievement, and Service to Humanity.

The successful structures that have worked well will continue and we will continue focusing on instructional practices and resources towards school culture and climate, leadership and student supports:
For example improve daily attendance, decrease our dropout and retentions rates and increase our graduation rate.

I am honored to be named the 23rd Headmaster of the English High School with its rich history and traditions. In 2021 The English High School established in 1821, (America's oldest public school in the country) we will celebrate our 200th year anniversary.

How exciting it will be to be part of such an historical event!

Sincerely yours,
A. Freda Johnson, Headmaster
